

**VARSITY/JV BASKETBALL PROSPECT**

Basketball is a long season. We will practice approximately 80 times and play a minimum of 21 and a maximum of 27 games. On any basketball team, the top 7 players will do most of the playing. However, there is a place for the 8, 9, 10, 11, and 12 players. They can help or hurt our team as much as, if not more, than the players who play in the games most of the time. You need to be willing and able to contribute to the team in the role that you select below. Roles will change as the season progresses. I will keep you informed of your status.

**You are not checking the box as your goal. You are checking the box for the role you would be willing and able to accept for the entire year.**

In order that I may evaluate your position during tryouts, please check the appropriate box. I have checked on the side, where I see you fitting in at this time. If you decide not to continue in the program, at this time, you are not a quitter, nor are you quitting. This time is for tryouts for both the players and the coaches to decide what is in the best interest of the program and of each individual.

Coach    Player

- If there is a 75% chance that I will start varsity and play regularly, I would like to stay on the team. If my chances are not that good, I would rather be dropped from the squad now.
  
- If there is a 75% chance that I will play varsity regularly (top 7 players), but not start, I would like to stay on the team. If my chances are not that good, I would rather be dropped from the squad now.
  
- Even if my chances are less than 50% of ever playing a great deal of varsity ball, I would still like to be a member of the team. I understand that there is a strong possibility that I will not play at all in some (could be many) games. This role would see playing time in games sparingly and would be in emergency or special situations. A junior, sophomore, or freshman in this role could play some on the junior varsity by the decision of the coaching staff.
